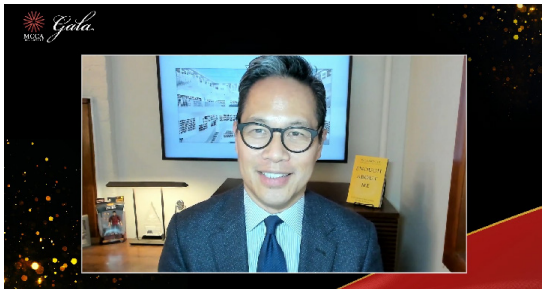
SOURCES OF SUCCESS

The Sources of Success Program (the "Program") is a twelve-month professional development program tailored for mid-career women and diverse attorneys from corporate legal departments and law firms. The focus is on identifying successful career strategies and allowing attorneys to develop leadership and management skills, as well as an opportunity for attorneys to find the right mentor to guide their career advancement.

EQUITY TRACK


The Equity Track Program was developed to address the lack of diversity within the equity partnership levels at majority law firms as reported by our Law Firm Diversity Survey. It is a twelve-month program that selects ten diverse income partners at major law firms. It is designed to achieve three goals: identify, develop and promote diverse partners to achieve and maintain equity status within their firms.
