

C-SUITE LEADERSHIP – LEVEL I PROGRAM
EMPLOYER SUPPORT AND ACKNOWLEDGMENT FORM

C-Suite Leadership (“CSL”) – Level I Program: Overview

The CSL Level I Program (“CSL-I”) (formerly known as the Sources of Success Program) is a program for mid-career attorneys who are individual contributors at corporate legal departments or mid-to-senior associates at law firms. Each year, the curriculum evolves to address the needs of the cohort to excel as leaders within their own organizations. Focus areas have included individualized leadership assessments, development plans, and a professional strategic roadmap, which will continue supporting their ascent into leadership roles.

CSL-I: Curriculum

The program combines courses that span client development, executive presence, organizational leadership, strategic career management, increasing influence and credibility, effective communication strategies as well as group and individual coaching. CSL-I participants will also engage with leaders from major companies in various industries as panel participants and mentors.

CSL-I: Participant Time Commitment

The success of CSL-I depends on the commitment that each participant makes to the program. If accepted, you must be completely free of professional duties during the scheduled in-person sessions and activities. Failure to attend a mandatory session will result in the participant’s removal from the program.

Manager/Supervisor Acknowledgment

I am aware of _____’s interest in applying to the CSL Level I Program. I acknowledge the time commitment required to attend the program sessions throughout the year, support their participation in taking time-off on the specified days for the mandatory sessions, and financial sponsorship to attend the Program with the acknowledgement that MCCA will not reimburse hotel and travel costs. I also agree to meet with MCCA leaders to discuss participant’s participation and progress during the 6-month period.
